### Description

Users are able to create accounts with invalid e-mails , when they enter an invalid email address (e.g., missing "@", invalid domain) and fill in any additional information required.

Steps to reproduce:

The same as for the <https://itfclasses.atlassian.net/browse/FAS-21>

Expected Result:

The system displays an error message indicating the email address is invalid.  
The user cannot submit the form until a valid email address is entered.

Actual results: Users can easily create an account with an invalid e-mail
